

Kissing Bridge has several programs geared toward the needs and desires of your child. Lessons are taught by specialized Children's Instructors in an environment that stresses "safety, fun and learning."

The North Area has its own Children's Center facility, which is easily accessible as you enter the stairway from the North parking lot or at the Drop-Off point located at the Turn Around.

Your child can sign up for Friday Evening, Weekend and Holiday Sessions at the North facility. Tuesday evening sessions are offered at the Central Area.

\*If North is closed, lessons will be held at the Central Area.

### Note to all parents

- \* To place your child in a group that will provide the appropriate challenge and be the most beneficial, please evaluate your child's ability realistically, according to the criteria of each program.
- \* Based on the recommendation of your child's instructor, your child may be moved to a different ability level or program than originally registered.
- \* You will receive a numbered tag when you register your child in the KB Cruisers sessions. It is your responsibility to be sure that the tag is given to whoever will be picking up your child after the session.
- \* Children's sessions may include organization time and rest periods, as well as structured lesson times.
- \* Your child may need to ride lifts with other members of the skiing public, Kissing Bridge Staff, or by themselves in the BridgeBusters program.
- \* Notify the Children's Program Staff of any special needs your child may have. We may not be able to accommodate all special needs in our group lessons.
- \* Instructors are available to discuss your child's progress promptly at the end of each session.

### Here is a clothing and gear checklist to make your child's experience more enjoyable!

- \* Warm hat
- \* Neck warmer
- \* Goggles or sunglasses
- \* Sunscreen/lip protection
- \* Warm, dry socks
- \* Insulated, waterproof outerwear
- \* Waterproof mittens (not knit)
- \* Ski or snowboard boots
- \* Skis or board
- \* Advanced Mountain, BridgeBusters, Extreme Team and GateBusters need poles

## KB MOUNTAIN CRUISERS (4-12 years old)

This package is designed for junior skiers and snowboarders who know how to turn, control their speed and ride all lifts. Your child will ski or ride those trails that are appropriate for his or her ability. Our creative Children's Instructors improve your child's basic skills and build confidence through structured lessons and lots of "mileage" on the slopes. Kids in the Mountain Class will become prepared for our BridgeBusters program.

The package includes a two-hour session and two-hour lift ticket for skiing or riding after the session (parental supervision recommended).

**The KB Mountain Cruisers Package is not for beginner skiers or snowboarders.**

## BRIDGEBUSTERS (5-13 years old)

The BridgeBusters program is the perfect opportunity for the junior skier or rider in your family to enroll in an extensive season-long prepaid program. **Children who participate in this program have already learned the basic skills of skiing or riding, can turn and control their speed, are confident riding all lifts alone and negotiating more difficult terrain.** Children who join the eight-week BridgeBusters program are taught by highly qualified and motivated coaches who will be with the group for the entire season. This allows for progressive lesson planning to build on skills acquired in the previous weeks and develops camaraderie within the group.

## EXTREME TEAM (8-13 years old - SKIING ONLY)

A season-long prepaid program with the same format as BridgeBusters, geared to the more advanced skier wanting to experience the "extremes" at Kissing Bridge. This includes moguls, jumps, racing and our ever-popular Terrain Park. **STUDENTS MUST DEMONSTRATE ADVANCED SKIING SKILLS TO PARTICIPATE IN THIS PROGRAM.**

## GATEBUSTERS (8-13 years old - SKIING ONLY)

A season-long prepaid program with the same format as BridgeBusters, geared toward the more advanced junior skier with an interest in racing. Emphasis is on developing skills used in racing and "running gates," as well as those skills necessary to challenge the mountain under a variety of conditions. GateBusters train with the Junior Race Team. It is suggested that skiers in this program wear helmets.

## SESSION TIMES

In order to ensure a quality lesson, class sizes are limited.

We recommend sign-ups occur at least one hour prior to the session time.
